to your product portfolio.

KHEWRA

A distinctive
mineral origin.

Retail formats.
Bulk supply.
Private label.

FOR IMPORTERS, DISTRIBUTORS & PRIVATE-LABEL BUYERS

Decorative mineral artwork

01 / WHO WE ARE

Pakistan origin. A commercial focus.

Crystal Harvest Intl is a Pakistan-based food-export company specialising in Himalayan Pink Salt sourced from the Khewra Salt Range.

We coordinate processing and grading near the source, then manage packaging, private-label preparation and export dispatch through Karachi. Our offering supports retail, food-service and bulk programmes for international business buyers.

01 **Origin & specification**

Khewra-origin sourcing, with salt grade and grain size agreed around the intended application.

02 **Format & presentation**

Retail jars, pouches, food-service bags and bulk formats, including buyer-brand packaging.

03 **Commercial preparation**

Product, documentation and shipment requirements brought together in an order-specific offer.

BASED IN KARACHI / SOURCED FROM THE KHEWRA SALT RANGE

02 / OUR SALT

Salt, in its many forms.

Fine, coarse and custom specifications for different product formats and culinary uses.

01 Fine

For table salt, everyday seasoning, bakery and refill formats.

Target mesh or granulation confirmed with your specification.

02 Coarse / Grain

For grinders, culinary finishing, retail and food-service use.

Grain range agreed to suit the intended pack and application.

03 Dark Pink

A naturally deeper-colour profile for buyers seeking a distinctive appearance.

Subject to batch availability; shade confirmed against a sample.

04 Custom grades

Buyer-specific screening and grain-size requirements.

Final specification agreed before production.

Sample scope and courier arrangements are confirmed once the requested grade, grain size and packaging reference are clear.

03 / YOUR FORMAT

Prepared for your market.

Choose a pack format around your sales channel, order volume and brand requirements.

PACK FORMAT

PET jars

Typical sizes

100 g / 200 g / 500 g / 1 kg

For retail presentation.

PACK FORMAT

Pouches

Retail and food-service formats.

Material and size agreed around artwork and order volume.

PACK FORMAT

Bags

Typical sizes

2 kg / 5 kg / 25 kg

For food-service and distribution.

PACK FORMAT

Bulk

For repacking and ingredient use.

Final supply format confirmed against your order.

PRIVATE LABEL / OEM

Your brand. An agreed specification.

We support buyer-brand packaging programmes. Share your target market, pack size, quantity and artwork status so the packaging materials, label language, barcode and market requirements can be reviewed before production.

Final pack formats and artwork are subject to order-specific confirmation.

04 / BUYER ASSURANCE

Credentials you can review.

Food-safety and Halal certificates are available to support vendor qualification and technical review.

ISO 22000:2018

Processing and packaging of Himalayan Pink Salt and rice.

Certificate MHC/HC/25223
Stated validity to 03 March 2027

Supporting certificates and independent laboratory reports can be shared with your procurement or quality team on request.

05 / INDEPENDENT TESTING

Product data. Clearly presented.

PCSIR Laboratories Complex, Karachi
Fine Salt and Grain Salt reports issued 17 December 2025.

REPORTED PARAMETER	FINE SALT	GRAIN SALT
Moisture	0.036%	0.036%
Sodium chloride as NaCl	97.58%	98.13%
Water insoluble matter	0.80%	0.82%
Sulphate	1.27%	1.25%
Lead	Not detected	Not detected
Cadmium	Not detected	Not detected
Copper	Not detected	Not detected
Arsenic	Not detected	Not detected
Calcium	0.27%	0.49%
Magnesium	0.08%	0.067%
Iron	0.014%	0.0077%

Results relate to the submitted samples and are not batch guarantees or a destination-market compliance determination. “Not detected” is the laboratory’s reported result; it does not establish absolute absence.

Batch-specific specifications, COA requirements and any additional testing, including microbiological parameters where needed, are agreed against the final order.

Source: PCSIR supplied reports, serial nos. 5038729 (Fine) and 5038730 (Grain).

06 / WORKING TOGETHER

From your brief to a focused offer.

A clear product brief allows us to align specification, packaging, documentation and shipment terms.

01 Define the product

Salt grade, grain size, packaging format, pack size and private-label requirements.

02 Align the requirements

Destination country and port, required certificates, testing, samples and label requirements.

03 Confirm the commercial offer

Quantity, loading preference, delivery window, payment structure and shipment terms.

ORDER FRAMEWORK

Standard MOQ

One 20 ft container. 40 ft options can be quoted; tonnage depends on packaging and loading.

Payment

Advance T/T or L/C at sight, subject to the final commercial agreement.

Shipment terms

FOB, CFR or CIF, with named ports and inclusions confirmed in the quotation.

Export documentation

Invoice, packing list, certificate of origin, bill of lading and agreed testing or destination documents.

07 / CONTACT

Let's build your salt programme.

Tell us what your market needs.

Share the grade, pack format, quantity and destination port. We will coordinate a focused quotation and the documents relevant to your review.
